world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

have nursed in strength their first strong child after using Dr. Pierce's Favorite Prescription. It is the best preparative for maternity, encouraging the appetite, quieting the nerves and inducing refreshing sleep. It gives the mother strength to give her child, and makes the baby's advent practically painless.

a day, until the baby came. She felt batter
after taking the first bottle, and when baby was
born he weighed nine and a half pounds. Today he is six months old and weighs twenty-two
pounds. He is as good a child as any one could
wish. The dector says he is as healthy as any
haby could be, and also says the use of your
'Favorite Prescription' was the cause of such a
healthy baby." Dr. Pierce's Pleasant Pellets are the
